[Climate and Faith: A Call to Stewardship, Creating Refuge, and Bearing Witness](#)

SIGN UP to be part of Bill McKibben's new initiative:

[Third Act](#) is seeking to harness the wisdom, energy, time, skills, networks and resources of elders (people over 60) to assure that we leave a fair and stable planet for our kids and grandkids and all future generations. [Sign up to learn more and receive emails](#) ... and consider [signing up for a working group](#).

Subscribe to Bill McKibben's new newsletter [The Crucial Years](#)

RECOMMENDED BOOKS ON THE CLIMATE CRISIS:

Antal, Jim. *Climate Church, Climate World*. Lanham: Rowman & Littlefield, 2023.

Go to Antal's website <https://www.jimantal.com/> to see what people like Bishop Desmond Tutu and Bill McKibben have to say about it. Two excerpts from the book are posted online as an invitation to read the book.

- [The Interlude](#) is an imagined final letter from a pastor to her congregation as the church closes on Ash Wednesday 2070. The church had been serving a city on the eastern seaboard of the United States since the church's founding in the seventeenth century. Following several category 6 hurricanes, endless border wars, hundreds of millions of refugees fleeing flooded cities,

permanent deployment of military to protect the interests of the rich, and billions of people dying from uncontrollable disease, drought, and starvation the church is finally closing its doors.

- [The Epilogue](#) is a speech given by a teenager in 2100 to a gathering of the World Council of Churches. She celebrates the great turning that allowed civilization to persevere. Millions are watching on line. The in-person participants are grateful for the air conditioners, powered by solar energy, that have reduced the outside temperature by 25°F to the standard setting of 88°F.

Hayhoe, Katharine. *Saving Us—A Climate Scientist’s Case for Hope and Healing in a Divided World*. New York: One Signal Publishers, 2021.
